

UNDERSTANDING YOUR ORTHODONTIC BENEFITS

Coverage

Your High and Standard dental plan provides the following coverage for orthodontic services:

- 50% of your orthodontic costs.
- Your coverage is based on the maximum allowable fee for orthodontic services.
- Coverage is subject to a lifetime maximum of \$2,000 or \$1,500 per member, depending on the plan you enroll in.
- Any member is eligible for coverage
- A maximum of 24 months of active treatment.

Paying for orthodontic care

In most cases, Delta Dental issues reimbursements for orthodontic care in automatic monthly payments not to exceed 12 installments. The first payment is based on the date of banding/placement of appliances. Additional payments will be issued automatically on a monthly basis assuming you are still eligible for orthodontic benefits.

If you begin orthodontic treatment after your effective date of coverage and you receive care from a network dentist, Delta Dental will reimburse your dentist directly and send you and your dentist an Explanation of Benefits (EOB). The EOB will detail any payments made to the dentist. It is up to you and your dentist to develop a payment plan for the balance minus any Delta Dental adjustments.

If you've already started your orthodontic treatment

We provide pro-rated orthodontic benefits for members who begin treatment before they join Delta Dental. If you've already started your orthodontic treatment before your coverage with Delta Dental begins, coverage will be based on your dentist's estimate of the cost of your total treatment and the time remaining in your treatment plan once your coverage with Delta Dental begins.

To determine your coverage, we exclude the banding allowance, which we estimate to be 30% of total cost of treatment, since that cost was incurred before your coverage began with Delta Dental, it is not covered.

We process your benefit on the remaining 70% of the allowable fee. Payment will vary based on banding date and effective date with Delta Dental. If banded is less than 5 months from DDMA effective date, benefit is issued in automatic monthly payments. If banded is more than 5 months from effective date with DDMA, benefit is issued in one lump payment.

All monthly payments are issued provided patient is in active treatment and covered by Delta Dental.

Termination of Coverage

In the event your coverage terminates before you complete your orthodontic treatment the automatic monthly payments will cease.
