

## Pharmacy Formulary Updates for September 2024

To offer a pharmacy benefit that is clinically appropriate and cost effective, we constantly review how we cover prescription medications. Periodic adjustments are made to meet these goals. The changes below are reflected in our online drug list.

The following is a select list of drugs that changed formulary status in September 2024:

| Drug Name                            | Commercial Formularies |                      |                      |                      |                      |                      |                      |
|--------------------------------------|------------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|
|                                      | Premium                |                      | Value                |                      |                      | NHCore               |                      |
|                                      | 4-Tier                 | 3-Tier               | 5Tier                | 4Tier                | 3Tier                | 5Tier                | 4Tier                |
