An Integrated Approach to Behavioral Health

Harvard Pilgrim Health Care provides several programs and services, complemented by our extensive network of providers, to support you and your loved ones. Our integrated approach to care allows us to help you improve both your physical and mental well-being for the best outcomes.⁵

Broad Network Providers

In line with our “whole-person” care approach, Harvard Pilgrim members have continuous access to high-quality comprehensive care through our expansive network of medical and behavioral health care providers. Our network covers New England and extends nationwide, offering both in-patient and out-patient services.

NEW: Behavioral health service navigation

Our specially trained service navigators provide personalized help to navigate the complex health care system, locate providers, connect to internal supports and programs, and learn more about innovative tools and services.

Care management programs

Our licensed care managers work with you and your providers to ensure optimal health and functioning through a variety of care management programs, including care coordination, complex care, addiction recovery, transition to home, emergency department readmission diversion, supportive care, post facility discharge and peer support.

Behavioral health programs and services

Harvard Pilgrim offers innovative behavioral health programs and services for children, adolescents and adults:

- Virtual therapy services are available 7 days/week: to support your mental health and well-being. Our services include AbleTo,⁶ Doctor on Demand, and Valera Health⁷, offering licensed coaching, talk therapy, medication management and more
- Quick and easy access to specialty providers including Cortica,⁷ offering diagnostic, applied behavior analysis (ABA), occupational therapy, speech therapy and social skills under one roof. To provide rapid access appointments, we have partnered with Transformations Care Network,⁷ a virtual and in-person outpatient mental health clinic.
- Substance use treatment services are also available through multiple network providers, including Spectrum Health, and members are supported after inpatient treatment by our internal addiction recovery care management team.

Help is just a phone call away. For assistance with accessing these innovative programs and services, please call the number on the back of your ID card.

If you are experiencing a crisis or emergency, you should always call **911 or go to the nearest emergency facility right away.**

Understand Your Pharmacy Benefits

OptumRx provides Harvard Pilgrim members with retail, mail order and specialty pharmacy services, allowing you to have one pharmacy manager for all pharmacy needs.

Log in to your secure online member account to look up your prescriptions

We cover thousands of different medications, but if your current prescription isn't on our list, talk to your doctor about switching to a covered medication.

Many medications we cover have cost-sharing (copayment, deductible or coinsurance) — the amount you'll be responsible for paying, depending on your plan. The medications covered under your plan are organized into different tiers. Typically, the lower the tier, the lower your cost. Refer to your prescription drug plan documents for specific cost-sharing details and a description of the tiers.

Check if your prescription has special requirements

If there is a "PA," "STPA," "QL" or "SP" after any of your prescriptions, talk to your provider. Refer to the "Key Terms" section of this Member Guide for full "special requirements" definitions.

Plan ahead if you take maintenance medication

Maintenance medications are drugs taken regularly for ongoing conditions, such as high blood pressure or diabetes. If you're switching from another health insurance plan to Harvard Pilgrim, make sure you have enough medication on hand to cover the transition period until your new coverage with Harvard Pilgrim begins.

Check your medication expiration date, refill amount and coverage under Harvard Pilgrim. If your medication is not covered, talk to your doctor about switching to an alternate maintenance medication that is covered.

Save money with mail order service

Mail order service provides the convenience of home delivery instead of going to a retail pharmacy. On some plans, your medication may be less expensive if you buy a 90-day supply through this service.

Know Your Care Options

Health care isn't one-size-fits-all. From minor cuts to a sore throat or even a blood pressure check, knowing where to seek care for your situation can save you time and money. As a Harvard Pilgrim member, you and your dependents have access to a variety of options:

When to visit the Emergency Room

If you think you're having an emergency and your life is in danger, call 911 or go to the nearest emergency room. Common medical emergencies that should be treated in the emergency room include choking, heart attack or severe abdominal pain.

When to see your Primary Care Provider (PCP)

For non-urgent needs such as preventive screenings, checkups, immunizations or chronic conditions, your PCP knows your medical history and is best suited to coordinate your care. And, they may also offer virtual health care services for even greater convenience.

When to visit an Urgent Care Center

You can stop by an urgent care center without an appointment for conditions that need immediate treatment but are not considered life-threatening. Examples include minor burns or cuts that may require stitches.

When to go to a Retail Clinic

Retail clinics such as CVS MinuteClinic® and Walgreens Health care Clinic are a good option when you're experiencing mild symptoms such as an ear infection or skin conditions like poison ivy, and you want a health professional to check it out without an appointment.

When to use virtual care, through Doctor On Demand

You can request a virtual visit with a U.S.-based doctor 24/7 for non-emergency conditions such as upper respiratory infection, upset stomach or skin rash using live video or voice call via your smartphone, tablet or computer. You can also access confidential therapy and build an ongoing relationship with the provider of your choice.

When to reach out to our Harvard Pilgrim Care Team

Need assistance managing a chronic condition, understanding costs related to health insurance or coordinating access to quality care? Our Care Team of registered nurses, clinical social workers and certified health coaches will answer your questions, help you navigate the health care system, and support your health and wellness goals at no cost.

Wellness Discounts and Perks

Key Terms

Premium

This is the monthly cost of your health insurance coverage.

Cost-sharing

Your out-of-pocket costs for services included within your health plan including copayments, deductibles and coinsurance.

Copayments

A fixed dollar amount that you pay for a covered medical service, prescription or medication.

Deductible

The amount you owe or pay out-of-pocket during a coverage period (usually one year) for covered health care services before your plan begins to pay.

Coinsurance

This is a fixed percentage of costs that you pay for covered services. For example, if you have a plan with coinsurance, you may have to pay 20% of a provider's bill for your care, while Harvard Pilgrim pays 80%. Coinsurance is usually something you pay after you have paid an annual deductible.

Out-of-pocket maximum

This is a limit on the total amount of cost-sharing you have to pay annually for covered services. This generally includes copayments, coinsurance and deductibles. After you meet your out-of-pocket maximum, Harvard Pilgrim will pay all additional covered health care costs.

In-network

Generally, this describes coverage for care that POS and PPO members receive from participating providers in the Harvard Pilgrim network. In-network coverage typically costs less than out-of-network coverage. In most cases, if you have a POS plan, you need to have a referral from your primary care provider (PCP) to another participating provider in order for in-network cost-sharing to apply.

Out-of-network

Out-of-network coverage applies only to POS and PPO plans. Harvard Pilgrim will cover care that POS and PPO members receive from non-participating providers, but it usually costs more than in-network coverage. In addition, if you have a POS plan, you will — in most cases — have out-of-network coverage when you receive care for covered services from participating providers without your primary care provider's referral.

Tier

Medical plans often place providers and hospitals in different categories, or tiers, with different cost-sharing amounts. Typically, you'll save money when you see Tier 1 providers.

Pharmacy Key Terms

Prior Authorization (PA)

The need for your provider to tell us why it is medically necessary for you to receive a covered medication or service. We consult with your doctor(s) to provide you with better health outcomes, cost savings and assure your safety. Contact the doctor who recommended the medication or service. If the doctor believes the medication or service that requires PA is necessary for your treatment, they may submit a request for coverage to Harvard Pilgrim. We'll cover the medication or service if it meets our medical necessity coverage guidelines.

Step Therapy Authorization (STPA)

An automated form of prior authorization that encourages clinically proven use of first-line therapies so that the most therapeutically appropriate and cost-effective drugs are used first, before other drugs may be covered. Some types of step therapy include requiring the use of generics before brand name drugs or preferred drugs before non-preferred brand name drugs. Check our step therapy drug list to find out which step your drug is on. If you haven't previously taken the steps we require, and your doctor believes the drug prescribed for you is necessary, your doctor may request authorization. You can check the list by visiting [harvardpilgrim.org](https://www.harvardpilgrim.org). Click on "Plan Details," then select "Prescription Drug Benefits."

Quantity Limitation (QL)

The quantity limit for a medication that can be purchased at any one time. A common QL is a 30-day supply, which is the maximum number of units needed for 30 days based on the prescribed daily/weekly dose. You're covered for up to the quantity posted in our covered drug list. If your doctor believes you need to take more than that quantity, the doctor may submit a request for authorization.

Designated Specialty Pharmacy (SP)

A pharmacy management program that requires members to purchase selected medications from specific sources. Once your membership is effective, log in to [harvardpilgrim.org](https://www.harvardpilgrim.org). Click on "Plan Details," then select "Prescription Drug Benefits," or contact our Member Services department to help you receive your medication without interruption.

Non-Covered (NC)

Medications that are not currently covered by us. If your provider feels you require this medication, your provider should contact us. They may submit a request for coverage to Harvard Pilgrim. We will cover the medication if it meets our coverage guidelines. If the request is approved, you will be covered for your prescription.

New-to-Market Drug Evaluation (NTM)

In an effort to ensure the new-to-market prescriptions that we cover are safe, effective and affordable, we delay coverage of many new drugs until a physician specialist reviews them. If your doctor feels you need a new medication, they can contact us to request coverage.

Important Information About Your Plan

The following information refers to plans offered by Harvard Pilgrim Health Care and its affiliates ("Harvard Pilgrim").

When you need care

If your doctor admits you to a hospital for a test, surgery or other procedure, including admission for surgical day care, hospital representatives are responsible for notifying Harvard Pilgrim on your behalf. There are a few procedures that require Harvard Pilgrim's authorization, and your doctor is aware of the procedures he/she must discuss with us before they take place.

To find out where our participating doctors admit patients, visit our online directory at [harvardpilgrim.org](https://www.harvardpilgrim.org). Or you can call one of the telephone numbers at the end of this document to have one of our representatives assist you.

Harvard Pilgrim requires prior authorization (prospective review of medical necessity and clinical appropriateness) for selected medications, procedures, services and items. The prior authorization process is used to verify member eligibility and facilitate the appropriate utilization of these elective, non-urgent services. Visit [harvardpilgrim.org](https://www.harvardpilgrim.org) to see Prior Authorization for Care details.

When you're in the hospital, Harvard Pilgrim's nurse care managers are available to work with your doctors and other providers to ensure that you receive the care you need. They may evaluate the quality and appropriateness of the services you receive, and when you no longer need hospital care, will work with your medical team to coordinate the services you need in an appropriate clinical setting (e.g., at home, or in a skilled nursing or rehabilitation facility).

In situations where Harvard Pilgrim was not notified of services (e.g., when a member was unable to give insurance information to providers), a post-service review may be completed to evaluate proper use of services or to identify quality of care issues.

Appeals

You may file a complaint about a coverage decision or appeal that decision with Harvard Pilgrim. For details, see your Benefit Handbook.

To access your Benefit Handbook online, log into your personal account on harvardpilgrim.org, click on More Tasks from your Member Dashboard and select View My Plan Documents under Documents. For assistance, call Member Services at 888-333-4742.

Member confidentiality

Harvard Pilgrim values individuals' privacy rights and is committed to safeguarding protected health information (PHI) and personal information (PI). To support this commitment, Harvard Pilgrim has established a number of Privacy and Security policies, including those describing the administration of its privacy and security programs, requirements for staff training, and permitted uses and disclosures of PHI and PI. We may collect, use and disclose financial and medical information about you when doing business with you or with others. We do this in accordance with our privacy policies and applicable state and federal laws. Harvard Pilgrim also requires its business partners who administer health care coverage to you on our behalf to protect your information in accordance with applicable state and federal laws.
